

Academic Course Plan

An academic course plan is required for students with advanced standing to add or change majors in the School of Humanities. The course plan should outline which courses you plan to take each quarter (to the best of your knowledge), and demonstrate that you have a plan to complete all degrees in a timely manner. You may list general descriptions like “upper-division History course” for future terms if specific course offerings are unknown. Email your completed course plan to Malinda Pang at pangmr@uci.edu, or submit a printed copy to HIB 143.
